Notes

Finally starting to post the SpookySlick challenge I did last year on Twitter (@thegayprofiler)!

I did a poll asking if people wanted only one fic with the threads divided as chapters or one fic for each thread and the second option won, so I'll be posting each thread separately!

This prompt was 'Nesting'!

Enjoy ^_^

Will was getting impatient. Why was Hannibal taking so much time to come back? He curled up on his nest, trying to get into a comfortable position, extra careful due to his already round and growing belly. He placed a hand over it and smiled. Will was going to have twins, and he giggled while recalling Hannibal's reaction when they got the news. He never knew Hannibal was the type that cries over it.

He yawned, feeling tired and sleepy, looking up to the clock on the wall. Hannibal should've arrived. He turned his face to the side, burying his nose on a pillow. Hannibal's pillow. He inhaled his alpha's scent, strong but soothing, and he sighed against the fabric, gradually feeling calmer. Will was also wearing one of Hannibal's sweaters, and it felt comfortable and soft on his body; despite his pregnant belly, the sweater got a little bit loose on him, and he loved the feeling.

He fell asleep before he could notice, surrounded by the smell of his alpha on his nest filled with some of Hannibal's clothes.

Will woke up with Hannibal touching his face with delicacy. He had a sweet smile on his lips. "I'm sorry I've made you wait for me that long, my love", he said and kissed Will's forehead. "It was difficult to find good Halloween decorations. But", Hannibal took something out of the bag, "I brought your favorite candy. I knew you were craving it for quite a while."

Will sat down, still sleepy, and blinked a few times before taking the candy from Hannibal's hand. The alpha smiled.

"Thank you", the omega murmured, giving Hannibal a weak smile. Then, he began to eat the candy; it was a chocolate bar, its brand kind of difficult to found, even on Halloween.

Of course Hannibal managed to find it. He always wanted to provide anything his omega needed, even the sudden pregnancy cravings.

"I'll prepare dinner, then we'll begin to set the decoration. Sounds good?"

Will nodded, mouth full of chocolate. He was a lucky omega.
